

History

NOAH fielded its first baseball team in 2003. This 5th grade team didn't give up even though it won just one game, its last game of the season! In 2004 NOAH baseball dramatically expanded to 6 elementary teams with about 82 kids participating under the leadership of 24 coaches.

The next phase of growth for NOAH Baseball took place in 2005 with the addition of Varsity and junior varsity teams. In addition to the high school, a junior high program was added giving a total of nine teams.

In the Spring of 2006 NOAH expanded again adding an additional junior high team. This addition saw NOAH providing baseball for every grade; elementary (1st - 5th), junior high (6th - 8th) and high school (JV and Varsity).

Our Varsity program is a member of HWSA, Home School World Series Association and participates annually in this national tournament. In 2006 NOAH hosted HWSA's West Regional in Tulsa Oklahoma.

In the Spring of 2007, the NOAH Diamond Jags just missed breaking the 100 win barrier as a program, winning 97 games (versus 76 in 2006). The overall spring winning percentage was up from 44% to just under 50%!

In the Spring of 2008, NOAH added two competitive teams to the Junior High and one team for Elementary to complement the developmental teams. NOAH Baseball broke the 100 win barrier as a program, winning 107 games (versus 97 in 2007). The overall spring winning percentage was 53%!

In the Spring of 2009, the varsity team placed 2nd in the HWSA West Regional earning a #2 seed in the HWSA World Series in Pensacola, Florida. NOAH Baseball broke the 100 win barrier for the second consecutive year, winning 108 games (versus 107 in 2008).

A few specifics are listed below (please see table for details)
